

# Executions in USA 🇺🇸

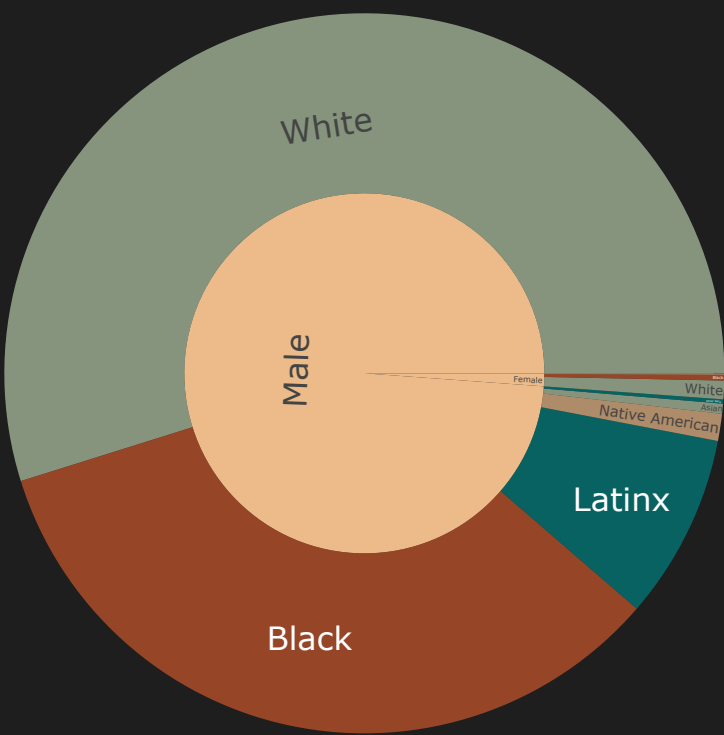

For as long as we can remember, the USA has been remembered for punishment capital. Some volunteered, others not and although some states are not covered, we seek in this visualization to investigate some of the causes and linearities in these events.

Total number of executions by state

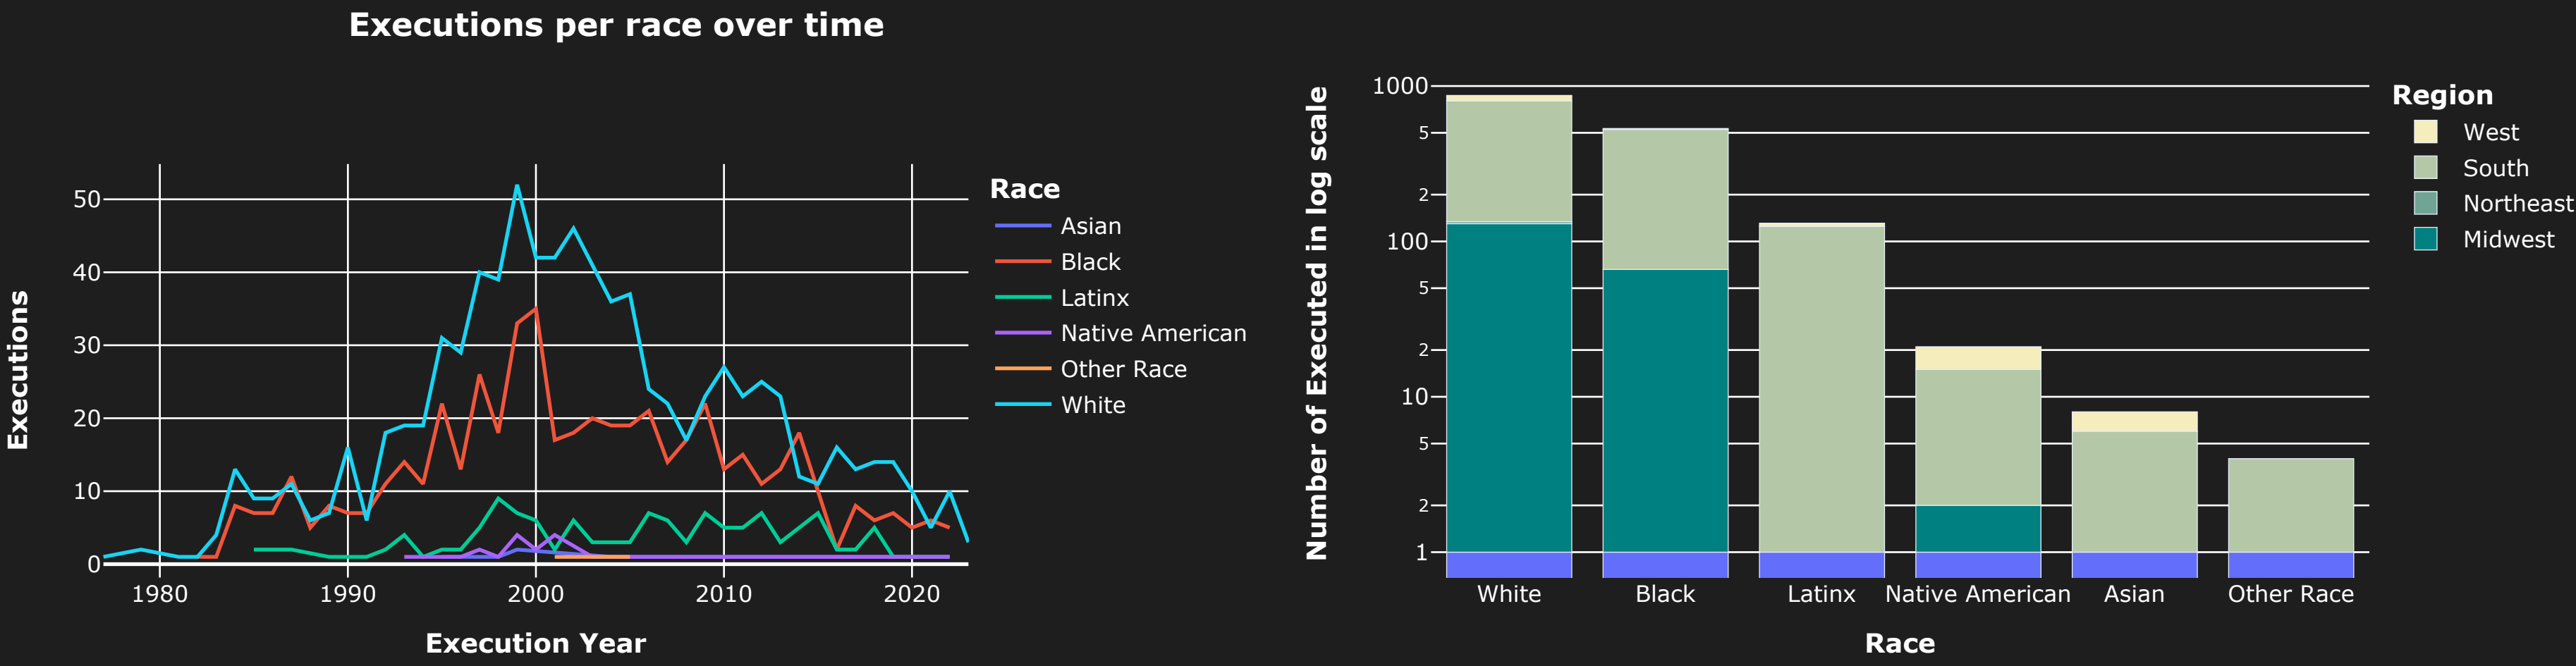

Total no. of executions by sex and race

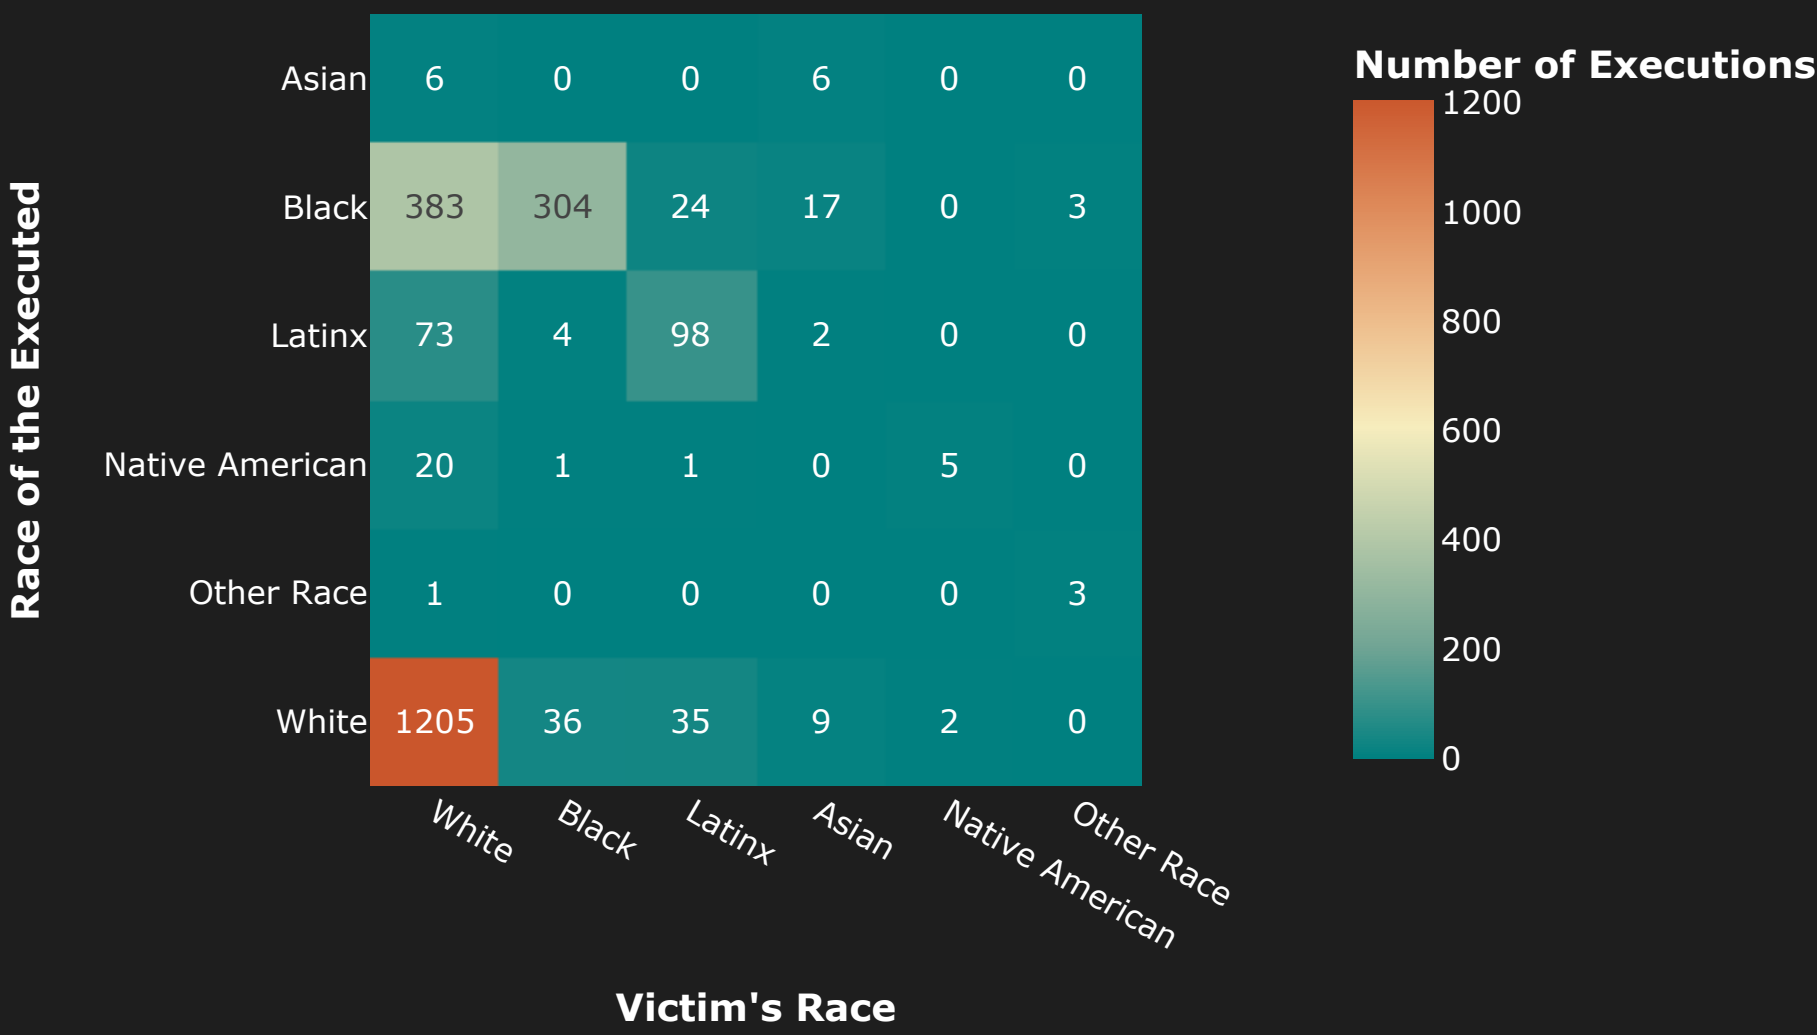

Between 1977 and 2023,  
**1561** prisoners were  
executed in the USA.

**55.6%** of the executed  
were white and **98.5%** of  
them were male.

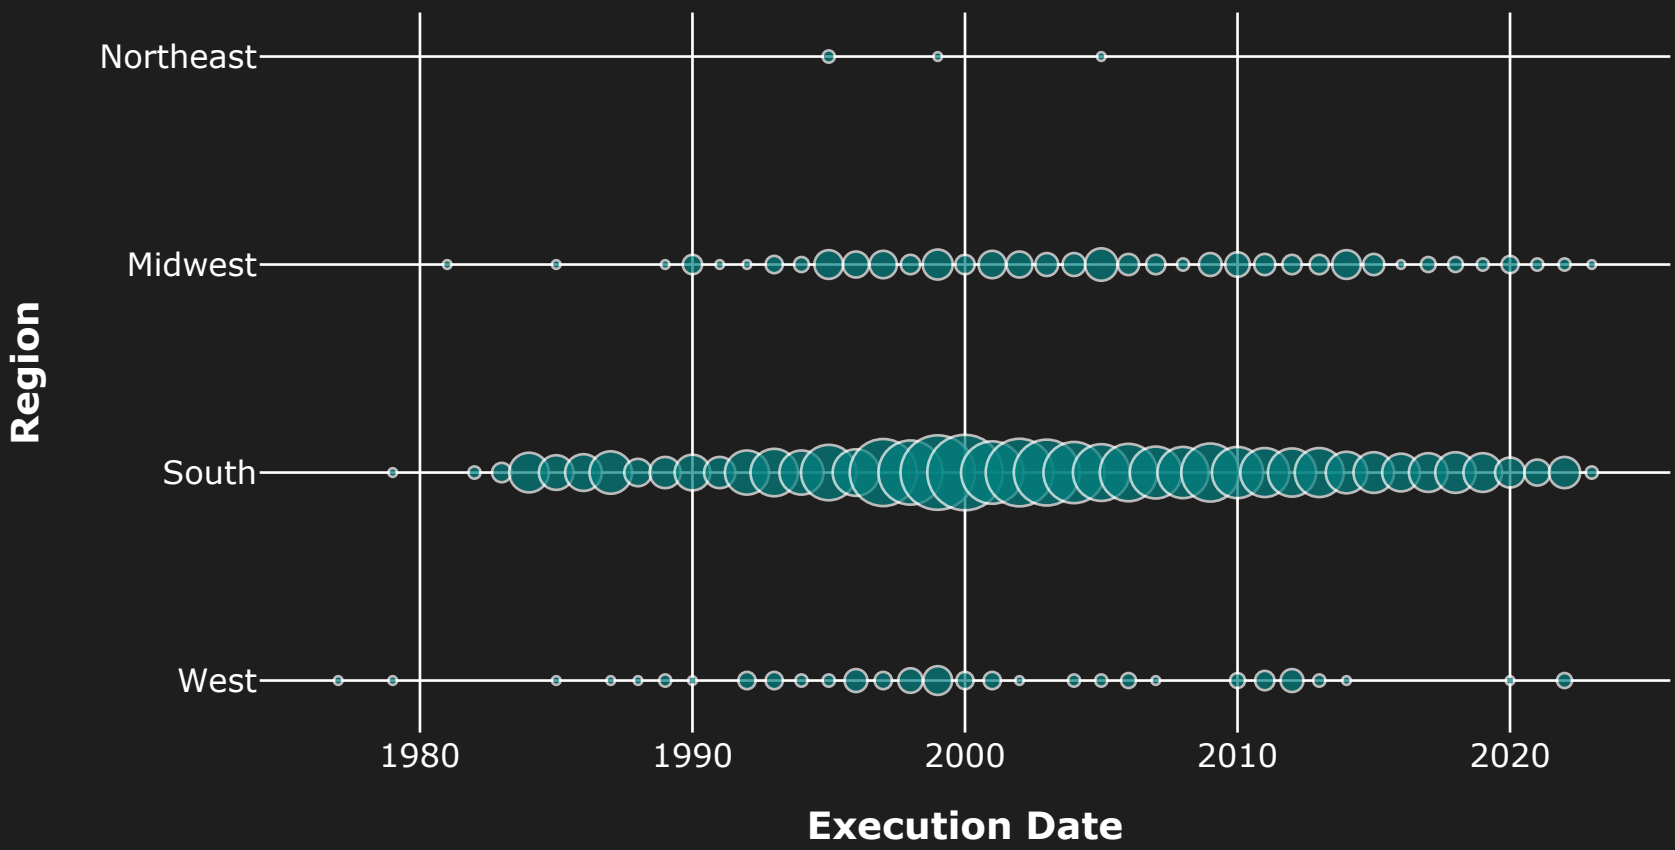

Total no. of executions by race and region

Executioners' race vs victims' race

Execution date vs region
